Re: Tariff No. 1 and Application of ATX Licensing, Inc. for a Certificate of
PC&N to Provide Resold Intrastate Interexchange Telecommunications
Services and for Alternative Regulation First Approved in Docket No. 1995-
661-C

Docket No. 2005-23-C

Dear Mr. Butler:

With respect to the late-filed exhibit filed by ATX Licensing, Inc. in the above-referenced matter, ORS respectfully recommends that the company be required to refund intrastate revenues collected prior to the company's receipt of certification or alternatively require the company to refund the difference between the revenues collected and the amount paid to ATX's underlying carrier. Prior Commission Orders have required one of these options associated with the unauthorized collection of revenues. In addition, the company should be required to notify the Commission and ORS after the refunds are made and provide supporting documents to assist ORS with the verification of the accuracy and of the amount of refund on a per customer basis.

Thank you for your consideration of our comments.

Very truly yours,

Wendy B. Cartledge
